

Experience for 25 years  
in Engineering of

Power stations  
Industrial plants  
Pipeline pump stations  
Tank farms  
Chemical plants  
Pharma plants

Employees

20 Design Engineers  
5 Lead Engineers  
3 Draft men  
6 Calculation Engineers

## Engineering Fields

Pipe work design

HP/MP/LP steel pipe work  
FRP pipe work  
PE/PP pipe work

Steel work

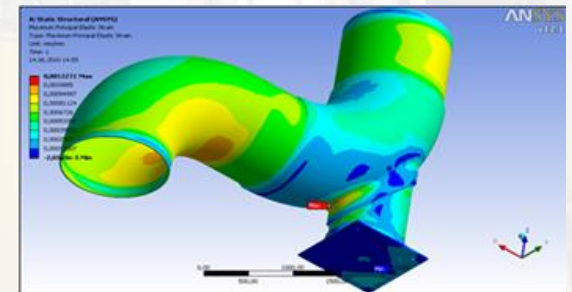

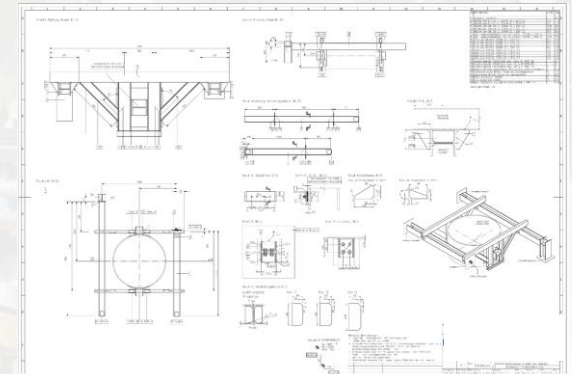

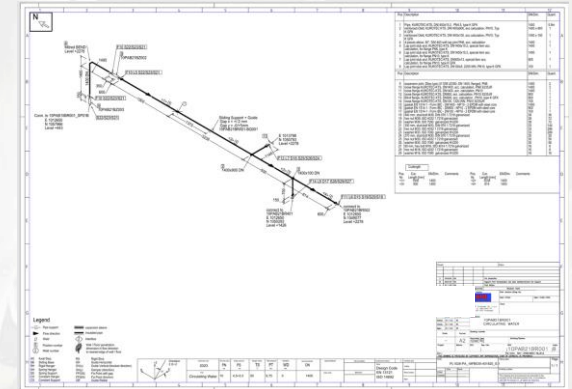

Support steel work  
Steel platforms

Stress calculation

Pipe work  
Steel work  
FEM

Simulation

Water hammer  
Process  
Pressure loss  
Temperature loss

## **Software**

**3D Plant design**

**AVEVA E3D  
AutoDESK Inventor**

**2D Design**

**AutoCAD 2D**

**Stress Analysis**

**Rohr2  
R-Stab/R-FEM  
ANSYS**

**Simulation**
